

Send customers to
your business with
email, social media &
text offers!

Grow Your Business with Groovv Offers!

Groovv Offers is an easy-to-use mobile and social media marketing tool that increases traffic, drives repeat sales and helps you acquire more customers. Every offer is sharable — making it easy for your customers to spread the word. Customer spending is 46% higher with companies that offer rewards programs!

No Marketing Expertise Required

Groovv Offers' web-based interface takes the guesswork out of marketing. Customize an offer in minutes, then instantly send it to your customers via Facebook, Twitter, email and even your own website with just one click. Redeeming an offer is as simple as pressing a button, and redemptions are automatically tracked and viewable online in real time!

Send offers to Facebook, Twitter and your website, or send them directly to your email list or as text messages, all with one click

People instantly came in after the mobile and email blasts to redeem the coupons on their iPhones - It's very effective!

The Outdoor Grill

Quinn P.

It has been really easy introducing the Groovv system to our employees. It's a great tool for my business. Things have been running awesome thanks to your systems.

Solar Nails by Kim

Kim K.

I've had a good experience... It's easy to use. Storing a customer list is really going to help my business. Customers notice the hardware immediately.
