TRANSACTIONS FOR HOPE

**Introducing a revolutionary concept
in Merchant Services for giving
back to churches and ministries!**

**Does your church have business owners in the congregation?
Are there community-minded businesses in your local area?**

**Sign-up with Transactions For Hope, and a portion from EVERY enrolled
businesses' credit & debit card sales will be given back as a free offering.**

SAVE MONEY & SUPPORT YOUR FAVORITE CHURCH OR CHARITY FOR FREE...

Our giving is simple. We take 20% of our proceeds from the fees collected for payment processing, and give it directly to the church, evangelistic, or ministry of your choice. And this is not just a one-time thing! Transactions For Hope will continue to give this percentage on a regular basis.

In today's tough economic times most churches have found that their tithes and offerings have declined. But with Transactions For Hope, a portion of the industry fees collected from any businesses' credit & debit card transactions can be given back to the ministry. This means that any business who signs up with Transactions For Hope can also assign your church as the recipient of their give-back designation. And of course, this is all given at NO additional expense to the business (and NO expense to the church) and is in addition to any other charitable donation program the business may already be involved in.

As a merchant, Visa/Mastercard & Discover are already taking a fee percentage from each and every sale. Transactions For Hope allows a portion of these fees to be redirected to a church or ministry - at no extra charge!
